With reference to Dr. B. C. Holtzclaw's articles on the Newsom family in the Virginia Magazine, particularly Volume 48, pages 276-280, the following corrections set forth in the letter of 6 December 1951 from Dr. Holtzclaw, University of Richmond, Richmond, Virginia, to James MacClamrosh, Jefferson Standard Building, Greensboro, North Carolina, should be noted: "Captain Charles Barham and his wife Elizabeth had only the four children, Charles, Elizabeth, Priscilla and Robert, as given in my Newsom articles, except for the following corrections: (a) the son Charles did not die young, but inherited land in James City County, as proved by a petition of his son Charles Barham III in 1734, of which I have secured a copy from the Public Record Office in London; (b) this same petition shows that there were the four children mentioned above, but gives the name of the daughter as Priscilla, not Perilee as mentioned in my article. The latter was a misreading or mistake of the clerk, obviously, in copying the will of William Ridley in Isle of Wight County or else there was another daughter Perilee who died young, before her father made his will. The 'Perilee' in the 14th line of the 2nd paragraph of my article on the Newsom family on page 278 of Volume 48 of the Virginia Magazine should be 'Priscilla' and the 'Perilee' at the end of the last line on page 279 should also be 'Priscilla', and of course I was in error in saying in the first two lines at the top of page 280 that Robert Barham was the only surviving son of Captain Charles Barham, the other son, Charles Barham, jr., having also survived as shown by the petition mentioned above."
